Governor Brown Shows Leadership In Plan For Statewide Water Project

filling his pre-election promise of presenting a comprehensive plan for a permanent solution of the Statewide water

Under his active leadership including numerous conference discussion among all parties concerned, the Governor appears to have finally broken the long deadlock which has existed in the State Legislature between the northern and southern California factions.

As a result several preliminary enabling measures have received favorable consideration and much more harmonious cooperation on water matters is being evidenced in legislative matters. While there is still some scattered op-

position and a few specific holdouts, an overwhelming majority of legislators is now lining up behing the general program proposed by the Governor,

This calls for a vast network of dams . and canals inter-connecting water distribution systems, in all parts of California which would cost an estimated \$1,750,000,000 in State funds and \$196,-000,000 in Federal grants, and require 25 years for completion.

The newsboy having failed to deliver our morning paper, I was reading some old Desert Suns just to keep my eyes in condition when I came across an item which recalled a recent round of small talk with a group of illagers during a coffee break.

THIS ARTICLE had to do with building and alterations on old buildings, to make Palm Springs pleasing to the eyes.

The sun was shining down with its customary vigor when one old-timer (circa 1934) said wistwish they'd go back to the

old days when there were many buildings which had roofs extended to cover the sidewalk.

Better Be a Cave Man, Eddie

NEW YORK—Here's some free honeymoon a dvice for Eddie Fisher.

Eddie is hereby warned by a "mateologist" — somebody with mates people — that he'd better be a caveman with Liz Taylor, and even belt and slap her around a little, if he wants their marriage to last.

"Liz's greatest happiness was with Mike Todd who dominated her with kindness — and also a strong hand," said the mateologist, Priscilla Alden Beach.

"Liz would not respect a weak-ling, if Eddie takes a leaf out of, Mike Todd's book, there's a good chance for a happy marriage," the mateologist went on. But the mateologist wasn't sure Eddie can be that rough-and ready. Mrs. Beach, who was hired to give mating advice in connection with the Debbie Reynolds picture, "The Mating Game," said Liz is "more mature" now and needs less cavemanning after three marriages.

As for Debbie: She needs somebody older, strong, mature, reliable. We suggested Maurice Chevalier or Bernard Baruch.

THERE'S A HAPPY new color for this pair of Blue Genes. First, Gene Kelly admits his biggest fear was that the critics might unfairly call his TV specgram. Now that all the reviews are in, Gene is mightly elated.

Second: Gene Barry was awfully worried over the start of filming his second "Bat Marterson" year in August. You see, Gene has \$100,000 in personal appearances starting in August. Finally Gene and his producers got squared away: Gene starts IMMEDIATELY filming 31 "Masterson" segments so he can jump around the country in August while all the other TV Westerns will just be starting their film work.

tavern has always been noted.

Your neighborhood tavern is part of the American tradition. Like the inns of olden times, today's tavern provides a friendly haven for relaxation and refreshment. Some equally refreshing traditions have been established in connection with light Olympia Beer. It has been brewed by three successive generations of the founding family ... under the original policies and quality standards... with the same source of naturally perfect artesian brewing water...since 1896. The brewers of Olympia salute the modern tavern proprietor for keeping alive the traditions of hospitality for which the

SEE YOUR QUALITY BUICK DEALER ... AND Get inside the clean winged beauty of Buick'59

Watch Dale Robertson in Tales of Wells Fargo on NBC-TV Monday Nights

Along with the most talked about style on the road today goes performance new even to owners of previous Buicks . . . and too great for you to miss.

Buick '59 is livelier yet smoother, more powerful yet thriftier, as any previous Buick owner will tell you. And credit ges to the turbine smoothness of Buick transmissions, plus the new responsiveness of Buick "Wildcat" engines.

At the wheel, too, you'll find new handling ease and finned-brake sureness that owners put high on their "most liked" list.

But that's far from all these owners tell us. They talk about new operating economy from the most efficient power plant on the road today. About quality of finish and detail, and of quietness that even beats the best of Buick heretofore. They speak of reliability . . . and they speak of the pure pleasure of owning a Buick '59 . . . in ways that warm the heart.

But the best spokesman for Buick '59-and what it can do for you-is a Buick itself. Why not go to your Buick dealer and get the inside story, today?

TO OWNERS OF CARS IN "THE LEADING LOW-PRICED 3" . . . You'll be surprised how easily you can own a Buick LeSabre instead! Be sure to ask your Buick Dealer about "THE MOST IMPORTANT \$200 IN THE AUTOMOBILE WOELD!"

Tourists Set New Spending Record

Club Given All-Year Report

Tourists set a new all - time record by spending \$322,267,446 here this past Fall and Winter seasons, the All-Year Club report ed this week.

This was \$59,548,000 or 23 per ent more than a year ago. Harry J. Volk, president, re-

ported the new record to a board neeing of the All-Year Club, community tourist advertising oranization, at the Los Angeles

RE SCHOOL BOARD ELECTION, MAY 19

Dear Voter:

Next Tuesday, voters of the Palm Springs Unified School District will elect two persons to fill the two impending vacancies on the School Board.

I am a candidate for one of those two positions.

As a registered voter, resident and taxpayer, and particularly if you are also the parent of a school-age child, you will want to know something of me, my background and my qualifications.

I am 38 years of age, married and have two children in the local schools. I have been a resident of Cathedral City for seven years. During these seven years I hav my community; as president of the Lions Club, a two-term director of the Chamber of Commerce, and numerous other civic and organizational assignments. Prior to moving here I was president of the Torrance, California Junior Chamber of Commerce.

Youth work has been the primary interest of my wife, Phyllis, and myself. We have devoted long hours to the guidance and education of youth, and are currently serving our second year as leaders and advisors to the Westminster Fellowship Youth Group of our Community Church. I am also serving my church as a member of the Building Committee for our new church, to be built this year.

Many millions of dollars have been spent to expand our school plant, and certainly many more millions must be expended in the few years immediately ahead of us if we are to keep pace with our exploding school population. My knowledge and experience as a general building contractor will be of particular value during these years of expansion.

I feel confident that my experience with school - age children and youth programs, coupled with my proven success as a businessman, can be a decided asset to our school administration.

I urge you to exercise your American right by going to the polls next Tuesday, May 19th, and if I may have your support I dedge my time, my sincere effort, and my ability in serving you as an honest, efficient member of the School Board.

Hotel auditor, out of town

THERE'S PLENTY OF ACTION these days at North Shore Beach, 1,000-acre Salton Sea residential and marine playground community. Water skiing at North Shore's 400-boat marina, like the above, is only a small part of the action. There's also stepped-up demand for North Shore Beach's sea-view homesites (already served by 10 miles of paved roads), income and business lots and club memberships for sports enthusiasts. Sparking

the demand is North Shore Beach Yacht Club's virtually completed \$200,000 marine clubhouse, scheduled to formally open next month. Also the fresh water system that \$1,000,000 worth of pipeline is bringing to North Shore Beach, Trav Rogers and Oilman Ray Ryan, developers of the \$7,000,000 development, and other glittering Salton Sea firsts. UR Concert Choir

'King David' Serves Notice Of Musical Reawakening

A musicianily, professional approach to Arthur Honegger's simple but powerful symphonic psalm "King David" — presented by the combined Redlands University Concert Choir, String Quartet and the University Concert Choir, String Quartet — that are arguments for the organization being considered a major some pronouncements I'd like to make it last because there are some pronouncements I'd like to make on them.

The program, which also included Ernest Bloch's Concerts Grosso No. 2, was not the usual trite assortiment of time worn selections that have been one standard fare in most college music departments. In fact, it was an all contemporary program of music that hasn't had too much exposure in live performance in Southern California.

The "KING DAVID" was a performance in which conductor Edward Tritt may take justifiable

performance in which conductor mance. Edward Tritt may take justifiable

His chorus, which could stand a better balance of soprano voices, was good. The singers appeared at once to be thoroughly in sympathy with their material, enunciated clearly and brought the varying emotional textures fully to life.

Some of the more chalance distincts and specific polytonal passages and

varying emotional textures fully to life.

Some of the more obvious of the high points for the chorale were to be heard in the "Song of the Daughters of Israel," in which a full-bodied unanimity, an assured and inspired quality were evident; the "Psalm of Penitence." in which an almost melancholy tone was achieved, and in "The

It was evident near the outset when the "Entrance of Goliath" allowed the combined brass their more than the standard of th ment. There was a horn - trumpet exchange in "The Camp of Saul" that is so tightly scored as to have incited chaos in inexpert hands In the "March of the Hebrews," the brass again came fully to life.

The strings, up front, were good and showed only slight evidences of weakness in full voice. The woodwinds, after a minute show of insecurity at the start of the evening's program, measured their work with continuous firm-

Textile Strike's Violence Renews In North Carolina

HENDERSON, N. C. (UPD - A dynamite blast early today cli-maxed a new outbreak of violence in a textile strike nearly six months old. Local officials asked for national guard troops to restore order.

The explosion wrecked a

story building which the Harriet-Henderson Mills had used as a nursery for children of women the orchestra — "King David" is a picnic for drummers, tympanists, gong ringers, cymbalists, etc.
